Short-term Origination Manager (m/f/d) in Renewable Energies

📍 Encavis AG (Hamburg) 🏢 Permanent ⌚ Full-time

50% Mobile Office possible

What do we rely on at ENCAVIS? The sun. The wind. And on you.

Welcome to the world of Encavis! At Encavis, everything revolves around the power of the sun, the wind and the more than 200 people who together are helping to shape the energy system of the future. What exactly do we do? We make renewable energy economically viable. Our core business is the acquisition and operation of solar and wind parks throughout Europe. Already today, we are one of the leading group-independent electricity producers in the field of renewable energies. And we are continuing to grow. What does that mean for you? The opportunity to move, shape and change a lot. As part of a multinational team that enjoys helping the energy transition to succeed.

There are many reasons why you should join Encavis - but your expertise and experience speak for themselves! What can you expect from us? You will quickly take on a key role in supporting the development of Energy Portfolio Management at Encavis AG.

Your sunny outlook:

- You will design and conduct tenders for the physical balancing of our electricity production in various European countries and subsequently negotiate the corresponding contracts
- You will structure and negotiate short-term PPAs or other risk hedging instruments for individual projects or project portfolios from our European wide portfolio, supported by our Legal-, Project Finance-, and Energy Risk Management teams
- You will closely follow the daily electricity price developments and frequently execute deals with our offtakers
- You will build relationships with new corporate customers and develop custom solutions to their needs
- You will be the driving force behind the digitalization of our Power Sales process, to ensure the scalability of this activity

We'll get wind of that soon:

- You have a degree in business administration, engineering, economics or a comparable field
- You have at least 3 years of professional experience in similar positions such as power origination, energy trading, risk management, or the development of hedging and marketing strategies
- You have an existing network in at least one of the following markets: DK, ESP, IT, GER
- You bring an entrepreneurial mindset and a high level of identification with renewable energy origination
- You are a strategic thinker who identifies trends in the energy sector, analyses data, and excels in power purchase negotiations to maximize profitability
- You have a growth mindset, take ownership of projects, and value collaboration with team members and stakeholders to achieve common goals
- Excellent communication skills in German and English that enable you to successfully operate in an international environment complete your profile
