Investment Analyst (m/f/d) in Renewable Energies

📍 Encavis AG (Hamburg oder Neubiberg bei München) 🏢 Permanent

🕒 Full-time 50% Mobile Office possible

What do we rely on at ENCAVIS? The sun. The wind. And on you.

Welcome to the world of Encavis! At Encavis, everything revolves around the power of the sun, the wind and the more than 200 people who together are helping to shape the energy system of the future. What exactly do we do? We make renewable energy economically viable. Our core business is the acquisition and operation of solar and wind parks throughout Europe. Already today, we are one of the leading group-independent electricity producers in the field of renewable energies. And we are continuing to grow. What does that mean for you? The opportunity to move, shape and change a lot. As part of a multinational team that enjoys helping the energy transition to succeed.

Many paths lead to Encavis - yours could be the start of a remarkable journey.

Bring your expertise and experience to a place where they truly make a difference. At Encavis, you can look forward to a range of diverse responsibilities within a team that values your contribution from day one. You'll quickly take on a pivotal role at every step of the investment process – identifying opportunities, leading negotiations, and continuously refining our internal workflows. All of this happens in close collaboration with colleagues across departments, as we shape the future of sustainable energy together.

Your sunny outlook:

- You will accompany deal teams for transactions of wind and PV projects as well as battery storage systems (BESS) in Europe from deal sourcing to closing
- You will be responsible for comprehensive due diligence processes with external consultants
- You will be responsible for the financial modeling of wind and solar parks
- You will conduct commercial and contract negotiations (purchase agreements, general contractor agreements, project development agreements, operation and maintenance agreements, full maintenance agreements, etc.)
- During transactions you will manage project financing and power purchase agreements (PPAs) together with internal specialist departments
- You will present transactions, and recommendations to the investment team, senior management and the supervisory board

We'll get wind of that soon:

- You have completed a degree in business administration or industrial engineering
- You bring initial experience in the wind, PV, and BESS sectors and have a quick grasp of new concepts
- You possess very strong skills and experience in financial modeling of cash flow-based investments
- Your strong communication skills, self-motivation, and flexibility set you apart
- You are a highly responsible and fully committed employee
- You speak fluent German and English
- You are willing to travel occasionally for your work
