

Student assistant (f/m/d) within the "Isotope Biogeochemistry and Gas Fluxes working group"

Stellenanbieter: Leibniz-Zentrum für Agrarlandschaftsforschung (ZALF) e.V.

The mission of the Leibniz Centre for Agricultural Landscape Research (ZALF) as a nationally and internationally active research institute is to deliver solutions for an ecologically, economically and socially sustainable agriculture – together with society. ZALF is a member of the Leibniz Association and is located in Müncheberg (approx. 35 minutes by regional train from Berlin-Lichtenberg). It also maintains a research station with further locations in Dedelow and Paulinenaue.

For the measurement of greenhouse gases (CO₂, CH₄, H₂O) in the field, the **Isotope Biogeochemistry and Gas Fluxes working group** is developing cost-effective GHG measurement systems and testing them in laboratory and field experiments.

We are currently looking for a student assistant (40 hrs/month) at location in Müncheberg and for field campaigns. The position is initially limited to 3 months, with the option to extend.

Student assistant (f/m/d)

41-2025

Your tasks:

- Co-development of the GHG measurement system in the laboratory
- Preparation of field campaigns with GHG measurements, vegetation surveys, drone flights
- Implementation of field campaigns
- Evaluation of laboratory and field data

Your qualifications:

- Enrollment at a university in the field of agricultural sciences, geography, geosciences or related disciplines
- Willingness to conduct regular field research campaigns
- Experience in using common Office programs and basic statistical knowledge
- German or European driving license (class B) (optional)
- English language skills

What we offer:

- Salary according to the usual hourly rates for student/scientific assistants in Brandenburg

- Practical work in the exciting research field of moors
- Insights into scientific practice at a renowned, non-university research institute
- A collegial and open-minded working atmosphere in a dynamic research institution
- Opportunity to write a Bachelor's or Master's thesis as part of the project

Women are particularly encouraged to apply. Applications from severely disabled persons with equal qualifications are favored. The filling of the position in part-time is possible in principle. Please send your application preferably online (see button online application below).
