sun. The wind. And on you.

Welcome to the world of Encavis! Here, everything revolves around the power of the sun, the wind and the more than 200 people who are helping to shape the energy system of the future. What exactly do we do? We make renewable energies economically viable. Our core business is the acquisition and operation of solar and wind parks throughout Europe. We are already one of the leading independent power producers in the renewable energy sector. And we are continuing to grow. What does that mean for you? The opportunity to move, shape and change things. As part of a multinational team that enjoys helping to make the energy transition a success.

Investing in renewable energies not only makes the world a little better, but above all, it's good business. Just like Encavis! Do you want to develop your talent and broaden your horizons with our expertise? Then let's go! As a working student in the Applications & Processes department, you will support Encavis in maintaining and further developing our CRM software (Salesforce) — always in close cooperation with other departments.

Your sunny outlook:

- Support the administration and maintenance of our CRM platform, including updating master data for wind and solar plants
- Perform regular data quality checks to ensure accuracy, completeness, and consistency
- Assist in building and maintaining dashboards and reports for different business units
- Support end-users with troubleshooting and handling of CRM-related issues
- Collaborate with internal teams (e.g., Operations, Investment) to optimize CRM workflows and data structures
- Help document processes and prepare internal training materials
- Participate in ongoing digitalization projects that integrate Salesforce with other business tools

We'll get wind of that soon:

- ~~Currently enrolled in a Bachelor's or Master's program in Business Studies, Information Systems, Computer Science (or a related field)~~

Diese Seite nutzt Cookies, um bestmögliche Funktionalität bieten zu können.

- Basic understanding of CRM concepts; previous experience with Salesforce, Microsoft Dynamics, or similar platforms is a plus
- Technically savvy and proficient in MS Excel and other Office tools (PowerPoint, Word)
- Analytical mindset with attention to detail and a structured working style
- Good communication skills in English; German is a plus
- Motivated to learn new digital tools and work in an international, fast-paced environment
