

Electrical Engineer (m/f/d)

Stellenanbieter: Dornier Group GmbH

The **Dornier Group** stands for innovative projects and exciting challenges and is a competent and reliable partner for complex consulting projects and demanding engineering services in a national and international environment. We bundle our expertise in the four Business units Power and Heat, Renewables as well as Mobility and Hydro.

For our stake in **Lahmeyer International GmbH** in **Bad Vilbel, Germany** or at **project offices worldwide** we are looking for a qualified and dedicated

Electrical Engineer (m/f/d)

Lahmeyer International GmbH is a leading international engineering company specializing in planning and consulting for energy, hydropower and irrigation systems. They stand for experience, quality and global expertise, supporting complex projects from development and planning through to operation, backed by the latest technical methods. Their multidisciplinary team combines comprehensive expertise with local practice to deliver efficient, seamless solutions for complex water resource projects.

WHAT YOU CAN ACHIEVE WITH US:

- Planning and technical design of main and auxiliary power systems in hydropower plants
- Preparation of studies, concepts, and technical tender documents
- Technical and economic evaluation of supplier offers
- Review of implementation documents and monitoring of production at the manufacturer
- Coordination and monitoring of assembly and commissioning processes worldwide
- Support in preparing quotations and contract negotiations

WHAT CONVINCES US:

- Completed degree in electrical engineering, energy technology, or a comparable field (Dipl., B.Sc., M.Sc.)
- 5 - 10 years of professional experience in the planning and implementation of electrical engineering systems - ideally in the power plant sector
- In-depth knowledge of electrical power plant equipment
- Experience in power plant control technology is an advantage
- Confidence in dealing with technical studies and tenders - both in new construction and modernization
- Very good written and spoken English; German or other languages

WHAT WE HAVE TO OFFER:

- 30 days of holiday – Christmas Eve and New Year's Eve are also days off
- Subsidy for 'eurekantine' – so you can get through the working day feeling fresh and well-fed
- JobRad leasing – get to your destination on your dream bike
- Employee and refer-a-friend bonus – we share our success with you
- We support your personal and professional development
- Company-wide summer party & local Christmas parties
- Together we stand for our values – reliability, open communication, trust, health, and genuine appreciation

CONTACT:

As an international company, we value diversity and welcome applicants regardless of age, gender, sexual identity, physical or mental abilities, cultural, social, or ethnic background, religion, or worldview.

We look forward to receiving your application as Electrical Engineer (m/f/d)!
