

Communications Manager (gn) - Global Power System Transformation Consortium (GPST)

Stellenanbieter: Agora Think Tanks gGmbH

The Global Power System Transformation Consortium (GPST) brings together grid operators, researchers, and industry to tackle the most pressing technical challenges in advancing toward fully clean energy power systems. GPST fosters topical and regional opportunities to exchange, share, and collaborate on research projects, deployment strategy, and lessons learned, supporting faster development and transfer of solutions and enabling greater confidence in operating highly renewable power systems.

The GPST Secretariat, housed at Agora Think Tanks, works across the globe and collaborates with partner organisations including grid operators, research institutions, and multinational energy transition initiatives to advance power system transformation. To strengthen the reach and impact of GPST, we are looking for a:

Communications Manager GPST (gn)

Full or part-time role (min. 32 hrs), based in Berlin.

In this role, you will be part of our global Secretariat team and will be based in Berlin. In close cooperation with our partner organisations, you will communicate insights and activities through various channels, strengthen communication partnerships globally and further develop GPST's communication strategy.

The Communications Manager is responsible for the overall communications strategy, planning, and delivery for GPST, leading messaging, channels, content development, and performance tracking across a wide portfolio of activities from technical publications and webinars to digital outreach and partner coordination. The Communications Manager will act as the central point of integration for all GPST communications, ensuring consistency and quality. This role is responsible for GPST communications and serves as part of the GPST team based in Berlin and hosted by Agora Think Tanks, collaborating with GPST's global partners on strategy, content, and delivery.

This role requires strong project management skills, excellent editorial judgment, comfort working independently and asynchronously, and the ability to translate complex technical work into clear, compelling communications for diverse audiences.

Aufgaben

- Manage a comprehensive communications program in close coordination with the GPST Secretariat leadership, further developing strategy and messaging across

GPST's global initiatives.

- Oversee GPST's digital presence, including website management, content updates, analytics, and coordination of digital outreach through social media and email.
- Develop and manage editorial content, including reports, fact sheets, a regular newsletter, blogs, publications, and multimedia assets, ensuring accuracy, quality, and timely release.
- Guide publication workflows, from drafting and editing to design, approval, and promotion of technical reports and research agenda materials.
- Support the dissemination of GPST Secretariat's and members' or partners' work, in close coordination and collaboration with the Secretariat team and partners.
- Support major events and convenings, leading communication planning, speaker coordination, promotion, event hosting or moderation, customer relationship management, and post-event reporting.
- Ensure brand and design consistency, maintaining templates and visual standards across all materials and partner-facing content.
- Strengthening the network of GPST through execution of the GPST communications strategy and by working together with Agora's power system transformation and communications teams.

Anforderungen

- Outstanding English language skills, including the ability to draft and proofread documents and review text at a high level. Other languages from GPST member/target countries, in particular Spanish, are a plus.
- At least 5 years of work experience supporting complex, technical, multi-stakeholder initiatives ideally in energy, climate, infrastructure, or international development.
- Proven track-record as a communications professional, with strong editorial judgment, excellent project management and organizational skills, and the ability to translate technical work into accessible, high-impact communications.
- Proficiency with website content management systems.
- Comfort co-developing strategy and executing complex initiatives and projects.
- Ability to work independently within a globally collaborative environment.
- Comfort moderating and facilitating high-profile global virtual or in-person events.
- Demonstrated social media skills.
- Experience with customer relationship software management platforms.
- Willingness to travel internationally, as needed.
- Global perspective with lived experience in international contexts, including a strong understanding of various media and political landscapes.
- An understanding of energy transition, particularly power system transformation, technical topics in heterogeneous contexts is desirable.
- Willingness to occasionally adjust working hours to accommodate collaboration with internationally based colleagues across significant time zone differences.

We assume that there are excellent candidates for the job who do not meet all the criteria in the description. Maybe you have certain skills we haven't thought of yet? Tell us why you are

the right person for the job.

Benefits

As a member of the GPST Secretariat you will benefit from:

- A diverse and international working environment with a cooperative team culture.
- Insights into the work of a dynamic, mission-driven organisation, including collaboration with colleagues and partners from around the globe.
- The opportunity to work from the Agora headquarters in Berlin, with the flexibility of hybrid working and good digital equipment.
- Opportunities for professional and personal development, including access to an online coaching platform, training sessions, and team retreats.
- One option from our benefits basket (e.g. job ticket, Urban Sports, Shopping Vouchers, etc.).
- 29 days of annual leave (based on a 5-day work week), plus 24 and 31 December off.
- A flexible full- or part-time role with initially a two-year employment contract.

Bewerbungsprozess

We look forward to receiving your application by 26.06.2026, via our website by clicking on the "Ich bin interessiert" Button.

A complete application should include cover letter, CV/Resume, and past published writing sample.

For reasons of objectivity, we ask that you refrain from submitting an application photo.

We want an energy transition for everyone from everyone. Therefore, we are particularly pleased to receive applications from people from groups that have been underrepresented in energy policy so far. We welcome applications regardless of gender and gender identity, nationality, ethnic origin, religion or belief, disability and age, and sexual orientation. Our offices are not completely barrier-free, but we are open to find individual solutions.

- **Anstellungsart:** Befristetes Arbeitsverhältnis
- **Arbeitszeit:** Flexibel, 32 h/Woche
