Research Associate Urban Food Futures (gn)

Stellenanbieter: TMG Research gGmbH

Intro

As a Berlin-based research organisation with a team in Nairobi, Kenya and research sites in Benin, Burkina Faso, Malawi, Madagascar and South Africa, TMG works on responsible governance and sustainability issues in the areas of sustainable management and responsible governance of land and oceans, food systems, and climate. As an organisation, TMG brings sound knowledge and practical experience in facilitating national, European, and international processes and is dedicated to the analysis and solution of new and complex challenges. TMG’s research projects are developed, conducted and evaluated jointly with actors from science, politics, the private sector and civil society.

We are looking for a new colleague to join our Urban Food Futures team in Berlin and support the research in Cape Town and Nairobi. Urban Food Futures is a transdisciplinary action-research programme conducted in cooperation with TMG’s partners from academia and civil society. Our work is centred around hubs Nairobi and Cape Town, where we focus on informal settlements and low-income areas with a high prevalence of hunger and poverty.

Research Associate Urban Food Futures (gn) (up to 80%)

Aufgaben

- Conceptualise international events; stakeholder meetings in the two cities and partner meetings. Lead the event management and coordinate logistics with the project team
- Steer learning processes and meetings with partner organisations in Cape Town and Nairobi and support action research processes such as co-development of research questions, data collection and workshops
- Provide profound analysis of quantitative and qualitative data on food systems and (urban) transformation processes
- Contribute to and lead the writing of scientific publications, reports and blog posts as co-author in cooperation with partners and colleagues
- Support the Programme Lead in content processes and in project management
- Support the Programme Lead in reporting to donor and proposal development
- Provide background research to situate our work on Urban Nutrition Hubs into a living lab approach and prepare findings for publication under the guidance of the Programme Lead
- Coordinate the programmes’ media and communication outreach and develop content for social media, conferences and other media

Anforderungen
• At least a Master’s degree in social and political science, agricultural economy, development and international studies, geography, or a related field or equivalent vocational qualification
• Experience in conceptualisation of events and event management
• Experience in project management and reporting
• Relevant work experience in research in the field of food systems and global sustainability processes
• Experience in working with diverse partners such as universities, policy makers and civil society and good working knowledge of low-income areas in the Global South is a plus
• Enthusiasm, flexibility, strong team-spirit and a commitment to working within a dynamic, transdisciplinary organisation
• Excellent oral and written communication skills in English

Benefits

• Work in a transdisciplinary think tank with a truly international work programme and the aspiration to enable sustainability transformations
• Flexible working hours and mobile working
• Salary in accordance with TVöD (Bund) E13, including annual bonus payment acc. to TVöD (Bund)
• 30 days of paid annual leave in accordance with TVöD
• Opportunities for professional development
• Regular social events

The position is to be filled as soon as possible until 31 December 2025 with the prospect of contract extension. Preferred duty station is Berlin.

Bewerbungsprozess

Please submit your full application including a cover letter, CV with two references (contact persons) and/or reference letters, list of publications and one published writing sample in one PDF document (max. 5 MB) by the application deadline. Please upload your application online via the application button.

For details on the position or project, please contact Nicole Paganini (nicole.paganini@tmg-thinktank.com). For details on the application process, please contact Vanessa Venne (hr@tmg-thinktank.com).

TMG is an employer that promotes equal rights and equal opportunities and provides a respectful work environment free from discrimination and intimidation. We treat all applicants equally, regardless of ethnic and social origin, nationality, religion/belief, age, migration background, disability, sexual orientation and identity. Women, people with disabilities and people with a migration background are particularly encouraged to apply.
We are looking forward to hearing from you!
