

Expert for Analytical Methods / Physical Chemical Properties - (m/f/d) Ref. No 08-07.2020

RIFCON GmbH is an independent scientific consulting company offering a competent and adaptable service portfolio for the registration of agrochemicals, biocides and biopesticides. Our head office is located in Hirschberg near Heidelberg in Germany. Our 180 employees offer services ranging from complete EU registration packages, general consultancy work to sophisticated GLP field studies and various combinations of these elements.

For our Chemistry team located in Hirschberg / Germany we are looking for a chemist for becoming an expert in analytical methods and physical-chemical properties of plant protection products.

Your Tasks and Responsibilities

The candidate will be involved in various aspects of registration activities for active ingredients and plant protection products under Regulation (EC) 1107/2009 including:

- Data gap analysis
- Processing and evaluating scientific data according to registration requirements
- Preparing expert statements
- Monitoring of lab studies on analytical methods and physical-chemical properties
- Giving scientific input to our regulatory teams on ecotox, efate, toxicology and consumer safety regarding analytical methods
- Supporting our field study department in questions related to analytical methods
- Preparing EU dossiers according to current EU regulations and national requirements
- Communicating with clients, laboratories and authorities
- Evaluating authority requests and commenting
- Strategic consultancy / project management

Your Qualification

- Scientific background (chemist or equivalent discipline)
- Practical experience in analytical methods (e.g. GC-MS, HPLC-MS/MS, IC-MS)
- Experience in scientific reporting of analytical methods and EU related guidelines (SANCO/3029, /3030 and /825) is desirable
- Experience in GLP & technical understanding is advantageous
- Very good level of written and spoken English, other language skills are advantageous
- Self-motivated
- Excellent communication and team player skills

Our Offer

- Attractive working environment including indefinite contract and multifaceted tasks
- To work as part of a dedicated international team of scientists and staff
- Possibility of professional development and occupational education
- An option to widen your personal network in the area of industry, science and regulatory authorities
- High degree of project and self-responsibility
- Employer-funded pension
- Friendly and family working atmosphere
- Home office opportunities
- Flexible working hours and part time models
- Job ticket, employee parking spaces
- Allowance regarding child care
- Individual ergonomic advices, Yoga
- Team events
- Free coffee, tea and water
