

Environmental Management Systems - Senior Consultant (f/m/d)

Stellenanbieter: Ramboll Environment & Health GmbH

Beschreibung: Environmental Management Systems - Senior Consultant (f/m)
for the Kelkheim (Frankfurt a. M.), Essen, Berlin or Hamburg Office

We are looking for an experienced environmental consultant (f/m) who has significant experience in developing, implementing and auditing environmental management systems within industry.

Ramboll is a leading engineering, design and consultancy company. With close to 14,000 experts in 35 countries, we emphasize local experience combined with a global knowledge-base. Owned by the Ramboll Foundation and our staff, high ethical standards as well as responsibility towards society and employees are ingrained in our cultural DNA. Ramboll was value-based long before it came into fashion and we live our values every day. We constantly strive to achieve inspiring and exacting solutions that make a genuine difference to our customers, end-users and society as a whole (find more on: www.ramboll.com).

Your objective:

You are developing, delivering and managing Environmental Management Systems (EMS) and Environmental Due Diligence (EDD) services in a range of sectors. You are familiar with the environmental challenges and context of different industries and routinely assist companies to develop their environmental strategy.

Your potential responsibilities within the scope of EMS and EDD for multinational customers include among others:

- Conducting EMS and EDD gap analyses and status assessments for industrial clients in Germany and other German speaking countries including reporting in English and German.
- Supporting industrial clients with the development of EMS.
- Supporting clients with individual elements of the EMS e.g. evaluating environmental aspects.
- Managing international multi-site EMS and EDD projects.
- Auditing management systems at client sites.
- Evaluating regulatory compliance at client sites and compiling legal registers.
- Conducting management system training at client sites.
- Arranging for quality review of reports/work products.
- Close cooperation with colleagues from Ramboll's international network and potential occasional international assignments.
- Experience in Health & Safety and Social Management Systems related work is an advantage.

Your profile

- Degree in relevant subject
- At least 5 years experience in Environmental Management Systems
- In-depth knowledge of German environmental regulations
- In-depth knowledge and industry experience with ISO 14001 and/or EMAS
- Experience with OHSAS 18001 or ISO 45001 is an advantage
- Project management experience
- Excellent German language skills and fluency in English, additional languages welcome
- Excellent MS-Office skills, Valid driver´s license (class B)
- Entrepreneurial thinking and behavior
- Multi-disciplined with strong analytical skills
- Strong team spirit, enjoy dealing with people, and display flexibility
- A willingness to travel within Germany and Europe

Ramboll offers an interesting and challenging career in an innovative, growing company with a wide variety of development opportunities in an international working environment. We are a motivated, dynamic team in an inspiring working atmosphere. Please send your CV and covering letter with your earliest possible date of joining and your salary expectations to: Ramboll Environment & Health GmbH
